

22 November 2018

The team at Hatch Private Maternity is very excited to announce that we are moving locations, but don't worry, we are not moving far, just around the corner.

From Monday 17 December 2018, Hatch Private Maternity will be located at 588 Stanley Street Woolloongabba (opposite Mater Hospital).

Over the last two years Hatch has grown significantly and has become a popular choice for families wanting expert private maternity care at an affordable price.

We are very excited about our new home –

- Our new practice is located in the Mater South Brisbane Hospital Precinct. This is convenient for our women and our clinical team who attend births and ward rounds at the Mater Mothers' Private Hospital.
- Our new rooms offer a larger space for our continued growth.
- Nothing else is changing at Hatch. We have the same phone number and email address, and the same experienced and caring team to look after you.

Our new location is 2 minutes from Mater Hill Bus Stop, on the Southern Busway and only 850m from Southbank train station. It is serviced with public transport and surrounded by numerous car parks.

Street parking on Stanley Street is limited, so we suggest the car park at Mater Hill (East and West), accessed via Water Street. Further parking is available at Mater Medical Centre car park and Hancock Street car park as well as Princess Plaza on Annerley Road. All Mater car parking proceeds support Mater patient care and medical research.

We are all very excited about our new home and we know that you will find the location convenient.

Kind regards,

Dr David Moore
Clinical Director

Lauren Williams
Clinical Director of Midwifery Services
